

HEALTH CARE FOR AMERICA **NOW!**

Democratic Health Reform Legislation Will Save Millions of Dollars for Hospitals in Maine's 2nd Congressional District

Currently, hospitals in the 2nd congressional district of Maine, a district represented by Congressman Mike Michaud, do not get paid for millions of dollars worth of care they provide to the uninsured. About 14 percent of the district's residents have no health insurance coverage today.¹ That erodes hospitals' profit margins, making it harder for them to operate. The Democratic health reform legislation pending before Congress² would change this.

Passage of the Democratic proposal means most people will be insured. It also means millions more dollars in revenue and greater stability for hospitals.

- Hospitals that serve the 2nd congressional district of Maine and report uncompensated care listed \$131.6 million in annual uncompensated care costs in recent years.³
 - This level of uncompensated care represents an average of 15.4 percent of net patient service revenue, compared with an average of 5.8 percent for hospitals nationally.⁴
 - The 2nd district hospitals in recent years had a combined operating margin of 3.5 percent, compared with the national aggregate total hospital margin of 6.9 percent in 2007.⁵ (Hospitals in this district that have not reported uncompensated care costs are not included in these figures.)
- **Under the Democratic health reform legislation, the Congressional Budget Office (CBO) projects that when fully implemented the number of uninsured nationwide will fall to between 18 million and 23 million, at least 64 percent decline, from the 50 million there would be without reform.⁶ By one estimate, in the 2nd congressional district, the number of uninsured is projected to drop from 79,000 to 34,000.⁷**
 - The reduction in uninsured – and the corresponding increase in paying patients – will improve significantly the financial health of hospitals, particularly those serving the greatest share of the uninsured in the 2nd congressional district of Maine.
 - Assuming conservatively that hospitals will get paid for half of the uncompensated care they now provide,⁸ **hospitals in the 2nd congressional district will collect \$65.8 million more per year, reducing uncompensated care to 7.7 percent of revenue from 15.4 percent today.⁹**
- Statewide in Maine, 52.5 percent of residents are covered through employer plans, 4.8 percent through the individual market, 18.8 percent through Medicaid, 13.5 percent through Medicare and 1.3 percent through other public insurance programs, leaving 9.1 percent of residents uninsured.¹⁰
 - Except for coverage of the uninsured, the distribution of insurance coverage is projected to remain largely unchanged under Democratic health reform legislation.¹¹

Democratic Health Reform Legislation Enhances Hospital Stability In Maine's 2nd Congressional District

Under the health reform plan before Congress, the number of uninsured in the 2nd District is projected to plunge to as low as 34,000 from 79,000, a 57 percent decline.¹² As a result, a large portion of uncompensated care costs will be eliminated, as shown in Table 1 below. Based on the conservative assumption that hospitals would be paid for 50 percent of current uncompensated care costs, hospitals throughout the district would gain at least \$65.8 million per year from health reform.

Table 1: Estimated Impact on Hospitals in Maine's 2nd Congressional District From Reduced Uncompensated Care Costs (Under Democratic Health Reform Bill)

Conservative Estimate of 50-Percent Decline in Uncompensated Care Expenses

Hospital	Net Patient Service Revenue (in millions)	Net Income (in millions)	Uncompensated Care (in millions)	Operating Margin	Reduction in Uncompensated Costs Under Democratic Bill (in millions)
Cary Medical Center	\$38.6	\$0.02	\$5.4	0.1%	\$2.7
Eastern Maine Medical Center	\$519.6	\$20.4	\$81.6	3.9%	\$40.8
Franklin Memorial Hospital	\$76.6	\$3.7	\$16.2	4.8%	\$8.1
St. Joseph Hospital	\$83.2	\$1.5	\$7.7	1.8%	\$3.8
Stephen's Memorial Hospital	\$44.1	\$5.2	\$6.3	11.7%	\$3.2
The Aroostook Medical Center	\$91.5	-\$0.6	\$14.4	-0.7%	\$7.2
TOTAL	\$853.7	\$30.1	\$131.6	3.5%	\$65.8

Notes: Eighteen hospitals with an additional \$859.6 million in annual revenues serve the 2nd congressional district of Maine but did not report figures for uncompensated care. These hospitals are not included in this table.

Hospitals in the 2nd District of Maine

Acadia Hospital	Franklin Memorial Hospital	Reddington-Fairview General Hospital
Blue Hill Memorial Hospital	Houlton Regional Hospital	Rumford Community Hospital
Calais Regional Hospital	Inland Hospital	Sebasticook Valley Hospital
Cary Medical Center	Maine Coast Memorial Hospital	St. Joseph Hospital
Central Maine Medical Center	Mayo Regional Hospital	Stephen's Memorial Hospital
Charles A Dean Memorial Hospital	Millinocket Regional Hospital	The Aroostook Medical Center
Down East Community Hospital	Mount Desert Island Hospital	Waldo County General Hospital
Eastern Maine Medical Center	Northern Maine Medical Center	
	Penobscot Valley Hospital

⁸ Given the projection of a 57% decline in the number of uninsured persons, uncompensated care could decline by even more than the amount cited here.

⁹ The following figures are calculated for only those hospitals within the district that report on uncompensated care. Total current uncompensated care costs and reduction after reform would likely be much higher if all hospitals reported these data.
