

HEALTH CARE FOR AMERICA **NOW!**

Democratic Health Reform Legislation Will Save Millions of Dollars for Hospitals in Florida's 2nd Congressional District

Currently, hospitals in the 2nd congressional district of Florida, a district represented by Congressman Allen Boyd, do not get paid for millions of dollars worth of care they provide to the uninsured. About 18 percent of the district's residents have no health insurance coverage today.¹ That erodes hospitals' profit margins, making it harder for them to operate. The Democratic health reform legislation pending before Congress² would change this.

Passage of the Democratic proposal means most people will be insured. It also means millions more dollars in revenue and greater stability for hospitals.

- Hospitals that serve the 2nd congressional district of Florida and report uncompensated care listed \$102.2 million in annual uncompensated care costs in recent years.³
 - This level of uncompensated care represents an average of 9.2 percent of net patient service revenue, compared with an average of 5.8 percent for hospitals nationally.⁴
 - The hospitals in recent years had a combined operating margin of 5 percent, compared with the national aggregate total hospital margin of 6.9 percent in 2007.⁵ (Hospitals in this district that have not reported uncompensated care costs are not included in these figures.)
- **Under the Democratic health reform legislation, the Congressional Budget Office (CBO) projects that when fully implemented the number of uninsured nationwide will fall to between 18 million and 23 million, a 54 percent decline from the 50 million there would be without reform.⁶ In the 2nd congressional district, the number of uninsured is projected to drop from 110,000 to 37,000.⁷**
 - The reduction in uninsured – and the corresponding increase in paying patients – will improve significantly the financial health of hospitals, particularly those serving the greatest share of the uninsured in the 2nd congressional district of Florida.
 - Assuming conservatively that hospitals will get paid for half of the uncompensated care they now provide,⁸ **hospitals in the 2nd congressional district will get paid \$ 51.1 million more per year, reducing uncompensated care to 4.6 percent of revenue from 9.2 percent today.⁹**
- Statewide in Florida, 47.1 percent of residents are covered through employer plans, 5.3 percent through the individual market, 9.6 percent through Medicaid, 16 percent through Medicare and 1.2 percent through other public insurance programs. That leaves 20.7 percent of residents uninsured.¹⁰
 - Except for coverage of the uninsured, the distribution of insurance coverage is projected to remain largely unchanged under Democratic health reform legislation.¹¹

Democratic Health Reform Legislation Enhances Hospital Stability In Florida's 2nd Congressional District

Under the health reform plan before Congress, the number of uninsured in the 2nd District is projected to plunge to as low as 37,000 from 110,000, a 66 percent decline.¹² As a result, a large portion of uncompensated care costs will be eliminated, as shown in Table 1 below. Based on the conservative assumption that hospitals would be paid for 50 percent of current uncompensated care costs, hospitals throughout the district would gain at least \$51.1 million per year from health reform.

Table 1: Estimated Impact on Hospitals in Florida's 2nd Congressional District From Reduced Uncompensated Care Costs (Under Democratic Health Reform Bill)

Conservative Estimate of a 50 Percent Decline in Uncompensated Care Expenses

Hospital	Net Patient Service Revenue (in millions)	Net Income (in millions)	Uncompensated Care (in millions)	Operating Margin	Reduction in Uncompensated Costs Under H.R. 3962 (in millions)
Bay Medical Center	\$263.9	\$2.0	\$23.7	0.7%	\$11.9
Capital Regional Medical Center	\$158.8	\$4.5	\$11.4	2.8%	\$5.7
Gulf Coast Medical Center	\$160.7	\$33.3	\$12.6	20.7%	\$6.3
Jackson Hospital - Marrianna	\$38.0	-\$2.5	\$6.1	-6.6%	\$3.1
Shands Hospital at Live Oak	\$16.2	-\$0.5	\$4.6	-3.0%	\$2.3
Tallahassee Memorial Hospital	\$421.2	\$16.4	\$42.1	3.9%	\$21.1
Twin Cities Hospital [†]	\$52.1	\$2.2	\$1.6	4.1%	\$0.8
TOTAL	\$1,110.9	\$55.3	\$102.2	5%	\$51.1

Notes: Nine hospitals with an additional \$65.5 million in annual revenues serve the 2nd congressional district of Florida but did not report figures for uncompensated care. These hospitals are not included in this table.

[†]These hospitals are outside the district but serve some of its residents.

Hospitals in the 2nd District of Florida

Bay Medical Center	George E. Weems Memorial Hospital	Select Specialty Hospital – Panama City
Calhoun-Liberty Hospital Association	Gulf Coast Medical Center	Select Specialty Hospital – Tallahassee
Campbellton-Graceville Hospital	HealthSouth Emerald Coast Rehabilitation Hospital	Shands Hospital at Live Oak
Capital Regional Medical Center	HealthSouth Rehabilitation Hospital of Tallahassee	Tallahassee Memorial Hospital
Eastside Psychiatric Hospital	Jackson Hospital – Marianna	Twin Cities Hospital [†]
Florida State Hospital		

[†]This hospital is outside the district but serves some of its residents.

⁸ Given the projection of a 66% decline in the number of uninsured persons, uncompensated care could decline by even more than the amount cited here.

⁹ The following figures are calculated for only those hospitals within the district that report on uncompensated care. Total current uncompensated care costs and reduction after reform would likely be much higher if all hospitals reported these data.
